

## CERBIOS Award for his young apprentices

The management of Cerbios-Pharma SA (Cerbios) congratulates two of its apprentices who concluded their final examinations this year with excellent results. To be underlined as well are the efforts of the trainers who are always ready to support their apprentices.

In the photo you can see from left to right: Christian Suà (CFO), Fabrizio Fracasso (Manager IT Infrastructure, Trainer), Luca Frigerio (trainee IT), Gabriel Haering (CEO), Carina Stamm (trainee administration services) and Christine Hasel (Manager HR, Trainer).

At the moment, Cerbios is actually training seven more apprentices in five different departments, while the positions for additional apprentices in Production and Finance & Administration are still available.

Cerbios is continuing its long tradition of investing in the education of young people that, after concluding their apprenticeships, may decide to remain with the company or further continue their education at the University level.
